

“Empowering Education using Blended and Flipped Learning”

“Tech Tutor 7: Empowering Education using Blended and Flipped Learning” was a seminar conducted to educate students about the concepts on how to use technology in Education.

The organizers of Tech Tutor has been conducting this yearly seminar for the past seven years at Mega Trade Hall . This year it was held from 10:00am to 1:00pm on September 30, 2015. Our school, Our was among the schools invited.

The seminar started with a prayer, followed by the singing of the Philippine National Anthem and the introduction of the speaker . The lecture dwelt mainly on how technology can be of great help in the teaching - learning process.

All students enjoyed the seminar since many new gadgets featured were found to be useful in their studies. The different sites which could help students and educators were also presented at the seminar. Students learned a lot. For an extra perk, samples of the products and gadgets featured in the seminar were given as prizes.

After the program, OLOPSC students went booth-hopping to try out the new gadgets that were introduced.
